Profile

Hi. My name's Kevin, I'm a full stack developer with an interest in the MEAN stack and with a strong eye for design using HTML, CSS, and CRM's to build responsive web applications. I enjoy programming because I am full of creative ideas and enjoy bringing them into reality. I love design and I'm a Photoshop ninja! In addition to programming I enjoy art and travel.

Technical Skills

- **Strong:** HTML, CSS, Responsive Design, JavaScript, Jquery, MEAN Stack, Bootstrap, Materialize, Git, Third Party API's, Heroku, Photoshop

- **Familiar With:** Firebase, PostgreSQL, SASS, TDD, Ruby on Rails, Socket IO

Experience

Front End Developer | Game of Thrones Concentration |
http://kjh311.github.io/Game_of_Thrones_Concentration_Game/   2015
- Uses, HTML, css, Jquery for responsive design and game logic.

Full-Stack Developer | Craft Beer-Zilla | https://craft-beerzilla.herokuapp.com/   2015
- Uses, HTML, css, Jquery, and Bootstrap for responsive design.
- Uses NodeJS, ExpressJS, and AngularJS.
- Uses a 3rd party API: BreweryDB.

Camera Operator | Flix on 66 | 2007
- Used cinematic and editing knowledge to shoot a low-budget film on a tight schedule without the benefit of storyboards for a nationwide film competition.

Intern / Production Assistant | Southwest Productions| 2002
- Worked with a team on tight deadlines to assist with the production of live action commercials. Became proficient in the art of visual development and storyboarding.

Education

General Assembly | Web Development Immersive Graduate | 2015
- At General Assembly I spent 600 hours learning full-stack web development. I came to appreciate team-structured coding, and learned current best practices for the MEAN stack, Ruby on Rails, as well as front-end design using HTML, CSS, Jquery, and CDNs like Bootstrap and Materialize among others.

Animation Mentor | Digital Character Animation Course Graduate | 2012
- Studied character animation from profession animators.

University of New Mexico | Bachelor's Degree | 2003
- Studied film and television production.
